27 February 2014

MEMORANDIUM FOR ALL STATE AGENCIES

FROM: Director, Kentucky Emergency Management

SUBJECT: Kentucky Emergency Operations Plan

Kentucky Emergency Management has revised the Kentucky Emergency Operations Plan and fifteen emergency support functions, coordinated with our state partners, and submitted the Plan for the Governor's review and promulgation. I have reviewed this document and find it complies with KRS 39A.050(2)(c.).

Pending promulgation of this Plan via an Executive Order by the Governor, this Plan is in effect this date. This Plan is an all-hazards plan and will be used when the State Emergency Operations Center (SEOC) is activated to respond, stabilize, and recover from a disaster or event causing SEOC activation.

This Plan is considered a living document and should be continuously updated and revised to reflect lessons learned during exercises and actual events.

As Director of Kentucky Emergency Management, I approve this Plan for implementation.

Any questions or need for additional information related to this Plan can be addressed to Mr. Harry James, the Kentucky Emergency Management Planning Branch Manager, at (502) 607-1760.

A handwritten signature in blue ink, reading "Michael A. Jones".

MICHAEL A. JONES, Director
Kentucky Emergency Management
